Comment 1

I am a Vallejo resident [Vallejo High School-1968] and have had an ongoing concern about the Plunge, which if operational would be the only public pool in West Vallejo - one that in the past served children and youth as well as adults.

I do understand it is now under the control of the school district, but it would serve the city's residents if the two districts could pull together a funding plan that would lead to the refurbishment and reopening of the Plunge.

A partnership to "Save the Plunge" could energize residents to contribute and take pride in a small piece of Vallejo that would serve a wide swath of residents.

Comment 2

I applaud your efforts at reviewing proposals for the next 10 years on recreational and parks investment for the community!

As a vested member of Solano County since 1971, I feel it is important for us to have these opportunities which will help develop a deeper sense of community. In the past I have been involved with measure B in the planning and advocating for GVRD interests with the City Council.

In the next few weeks, I will review the proposals and comment about them. I plan to help bring these projects and improvements to fruition for the good of our community!

Comment 3

I am writing because I'm concerned about the lack of verbiage in the new GVRD general plan regarding our waterfront. Vallejo is a city on the SF bay, and we have just about is zero access for its population for the Mare Island straight or the Napa River that borders our city.

I would really like to see some verbiage in the general plan that addresses this problem.

We have almost 0 public access to our waterways, and I think it's time that this problem is addressed. I think it is best addressed by the recreation department in Vallejo which is GVRD.

Comment 4

Dear Staff and Board of GVRD,

I wish to compliment you one more time on the great work of assembling all of this data for consideration in your 10 Year Master Plan. I have organized my comments both in terms of importance and involvement with the City of Vallejo so that City Councilmembers need only review the initial paragraph if desired.

WITH CITY OF VALLEJO

- Develop language which describes the importance of parks and open spaces, and their role in the GROWTH of Vallejo.
- Research and discuss the pivotal role a downtown park contributes to the identity of, and growth of community in, Vallejo
- Include acreage managed by City of Vallejo in Total Parklands for calculating acres per 1000 residents.
- Name the recently created park pedestrian zones with name or number. (See graphic at end of document showing pedestrian zones.)
 - Consider these PARK PLANNING ZONES for the purpose of park development and the necessity of, and assignment of Park Impact Fees collected under VMC 3.18
 - Determine the number of parks and level of service of these parks in each of these PARK PLANNING ZONES
 - Create a specific plan, based on current demographics and existing level of service for each PARK PLANNING ZONE
 - Develop a 5 year forward looking budget to add new parks or improve the level of service at existing parks within each PARK PLANNING ZONE
 - Complete Impact Fee Study and create new language for VMC 3.18 that reflects and includes all the information above.
- Present PARK PLANNING ZONES to the Planning Commission for addition to the 2040 General Plan
- Present updated VMC 3.18 language to City Council for consideration
- Create a goal to reduce fresh water use for irrigation purposes
 - Create goal to work with Vallejo Flood and Wastewater to develop ways of distributing recycled water for irrigation.

HOMELESSNESS

- Develop language recognizing the number of unhoused neighbors who live within our parks citing humanity and compassion and a desire to partner with the community, the City of Vallejo, and the County of Solano to not just tolerate but to assist in the betterment of their lives.
- Create a Committee on Homelessness to study and create an action plan partnering with private and public enterprises delivering services to our unhoused neighbors.

ENTERPISE OPPORTUNITIES

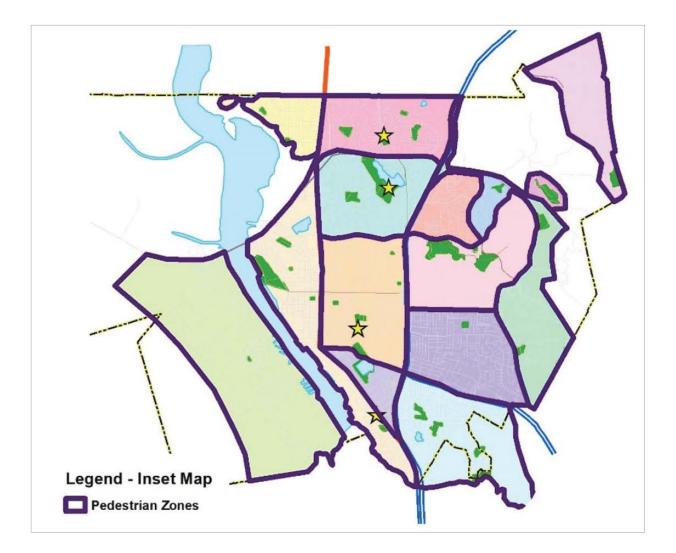

- Create the position of DIRECTOR OF ENTERPRISE SERVICES
 - This person should have Private Industry Business and Marketing experience and education.
 - Define the purpose of this position to critically review all of the ENTERPRISE
 OPPORTUNITIES within the District and to provide feedback to department heads as to potential cost savings and avenues for revenue growth.
 - Have this position actively work on outreach using accepted methods of email and text number gathering.
 - Develop the majority of communications with the District citizens via electronic means for both effectiveness and cost savings.
 - Create and maintain a monthly online magazine similar to the City of Vallejo for communicating with District citizens.

COMBINED GOALS

- Adopt language that recognizes that GVRD is an extension of the education process provided by our schools
- Develop language that recognizes GVRD as a STEWARD of PUBLIC OPEN SPACE.
 - Develop language and goals that recognize conservation and diverse utilization of public spaces for the benefit of the public at large.
- Develop language to establish goals of partnering with Solano Community College Agricultural Program and UC Davis Agricultural Sustainability Institute with the intent of providing open space opportunities to create Sustainable Permaculture Gardens in HANNS PARK, HIGH GLEN and portions of DAN FOLEY PARKS.
 - Create partnerships with these schools that allow them to use these lands for educational purposes.
 - Utilize the knowledge of these schools to create sustainable environments that minimize or eliminate the need for outside resources.
 - Create opportunities with VCUSD to allow middle school and high school students an opportunity to participate in these gardens.
 - Create public opportunities to contribute labor and resources to these gardens.
 - Establish learning priorities with all the schools to create a cohesive community effort.
 - Donate foods grown to pantries within Solano County providing free food to those in need.

EDUCATION THROUGH THE ARTS

- Develop language that recognizes the contribution of art in public life.
- Create programs with local artists to teach INDUSTRIAL SKILLS, such as welding, carpentry and electrical wiring, through AFTER SCHOOL INDUSTRIAL ART CLASSESS.
 - GVRD already does a tremendous job with scholastic after school programs. Adding an INDUSTRIAL ART PROGRAM would line up with the goals of many of our civic leaders to provide skills training. The wealth of local talent should provide the knowledge base to move forward with a project similar to THE CRUCIBLE in Oakland.
- Support Theatrical Arts involving STAGECRAFT, the skills needed to BUILD, LIGHT and COSTUME a stage performance.
- Additionally: Culinary Arts, Video Photography and Production, and Computer use.

POLICY MANUAL

POLICY TITLE: Annual Leave, Executive Leave, Compensatory Time Off, Leave without Pay, and Floating Holiday

POLICY NUMBER: 2020

Annual Leave

Annual leave is provided by the District to employees as a period of exemption from work with pay for the purpose of rest, relaxation and recreation. This respite is a benefit and is intended as an aid in maintaining the long term consistent productivity and contentment of the employee. As such, pay in lieu of leave away from work shall not be permitted without General Manager approval.

Employees shall be entitled to annual leave with pay, at the employee's regular salary rate, according to the following:

- During the first five (5) years of full time employment with the District, the employee will accrue three (3) weeks (15 days) of annual leave per year;
- After five (5) years of full time employment with the District, the employee will accrue four (4) weeks (20 days) of annual leave per year.

Annual leave will accrue from the first day of employment but will not be available for use by the employee until completion of the original probationary period. After Probation annual leave earned may be available to use in the pay period following the pay period in which it was earned.

If a holiday falls on a workday during an employee's leave, that day shall be considered as a paid holiday and not annual leave. Unused annual leave may be accumulated, but may not exceed a maximum of forty five (45) days which is not more than three hundred sixty_360hours. At termination of employment for any

reason, the District shall compensate the employee for accrued annual leave at the straight time rate of pay at the time of termination.

Compensatory Time Off

Compensatory time off (<u>CTO</u>) may be provided in lieu of monetary compensation for overtime.<u>The</u> Fair Labor Standards Act provides that compensatory time may be accumulated, but may not exceed a maximum of 240 hours. <u>Compensatory time must be used within forty-five (45) calendar days of being earned</u>. If <u>CTO</u> is not used within the allotted time, then GVRD will cash out the <u>CTO</u> time that has only exceeded the forty-five (45) day calendar time frame. Additionally, any unused accrued <u>CTO</u> will be cashed out at the appropriate rate in the first pay period of June each calendar year. At termination of employment for any reason, the District shall compensate the employee for accrued compensatory time at the straight time rate of pay at the time of termination, or at a rate of compensation no less than employee's average regular rate during the last three years of employment, whichever is highest.

If an employee is promoted to an exempt-level position, their compensatory time will be paid out at the time of promotion. If the employee later demotes or transfers back into a non-exempt level position, they will restart any compensatory time accrual.

Executive Leave

Executive leave is provided to exempt employees in lieu of overtime. On the first of each July, the following positions will be allocated executive leave:

General Manager	1 <u>4</u> ,days (<u>112</u> ,hours)	Deleted: 0
	10 days (00 haves)	Deleted: 80
All other exempt positions	<u>10</u> days (<u>80</u> hours)	Deleted: 9

Exempt employees will be allocated a prorated number of days on the first day of employment which may be used prior to the completion of the original probation period. Executive leave must be used within the fiscal year it is given. At termination of employment for any reason, the District shall compensate the employee for unused executive leave at the rate of pay at the time of termination.

Annual leave, executive leave, and compensatory time off are to be scheduled to cause the least inconvenience to the District and must be approved by the General Manager or designee. The General Manager shall notify the Board Chairperson as to his/her annual and executive leave choices.

Leave Without Pay

GVRD provides adequate leave in the form of "Annual Leave," "Paid Holidays," and "Sick Leave" to provide for the needs of the employee. Disability insurance and the Catastrophic Leave Bank may also provide additional assistance for serious long term health issues.

Human Resources Board Report

10/14/2021

Personnel Update:

- Full Time Positions filled
 - Lead Maintenance Worker We are excited to announce Brice Sweet has promoted up to the position of Lead Maintenance Worker in our Parks department.
- Full Time Positions in the process of being filled
 - Parks Maintenance Worker I Interview phase of the process
 - Human Resources Clerk Applications received, holding final interviews on 10/12/2021
- Part-time Personnel
 - HR is assisting staff in onboarding PT staff in both Recreation and Parks/Facilities.

Classification Study:

 Management has re-commenced meeting with staff and Unions to discuss the classification study, changes in the job descriptions and possible job title changes. The BOD can look forward to seeing more approval requests for changes as management and staff finalize their conversations.

Policy updates:

- FT Policy Manual
 - Please look at attached spreadsheet for FT Policy Manual Progress
- HR is working with outside consultants to update policies for PT Staff Handbook. We are nearing the finish line, approximately 95% complete. Due to staff absences, we were not able to finish by the end of September and hope to finalize by the end of October.
 - One big take-away from this project is that we really need to move the district toward having only one HR manual for all employees. In the meantime, we have aligned the PT handbook to match the HR

manual. As we continue to update the HR manual, we will edit it to consider all personnel regardless of FT/PT status

HRIS:

- HR has turned over the ongoing implementation of Time Tracking to our wonderful Finance team.
- HR is sunsetting our contract with Zenefits and starting the process of implementing a new system called Bamboo HR. It will be a lesser expense for the District and offer more options to streamline HR processes.
