**THE NEW WAY TO PLAY FOR KIDS 10 & UNDER**

QuickStart tennis is a new format to help kids ten and under learn and play the game. To make it easier for them, we have changed a few things: the court sizes, the racquet sizes, the balls, the scoring system, and the net height. Any child between ages five and ten can start playing tennis almost immediately, even if he/she has never picked up a racquet before. QuickStart stresses the importance of play and team competition. A junior racquet will be provided to the student on his first session. All classes taught on the Amador Tennis Courts.
